Legislator Fitzak informed all of the moving of following county departments: Probation to the GCC building, Treasurer to the Bank of America building, District Attorney to the Treasurer’s building.

The Legislature is in their budget process. With 2% tax cap and mandates that are out of control it is not looking great.

Public Comments as it Pertains to Resolutions/Agenda Items

David Leach of Telegraph Road asked about the earmarking of ARPA funds. Supervisor Rightmyer told him one of the items the Board had in mind using these funds was a new front and side parking lot at the Town Hall. Supervisor Rightmyer stated that this item was going to be tabled as he would like to speak to our Bookkeepers about the correct procedure for earmarking these funds for specific projects.

Absent	1	Christ

The resolution was thereupon adopted.

Supervisor Rightmyer informed all that we are still moving ahead with the water line. Our engineers have asked for a lot of information from himself and Cindy. Scott Mattison, our engineer from MRB spoke to USDA and they assured him everything for the grant looks good. Water samples have been completed and the samples from all six homes came back bad. If we can stay under the bond repayment limit, hydrants will be included in this project.

There are many topics that the Planning Board has to review including the draft subdivision law and the draft sign ordinance. These need to be updated prior to implementing ECodes 360. Supervisor Rightmyer will speak to Chad about getting a meeting together to discuss and/or review these issues.

Old Business

Councilperson Berg stated that the solar law needs to be completed and adopted. It has been a year since the Planning Board had the final draft other than a couple minor changes. The Planning Board spend much time reviewing and discussing this and now it has stalled.

Public Comments

David Paul of County Line Road said that the Village of Holley’s comprehensive plan is very simple compared to the Town. He thinks the Planning Board should take a look at that as well.

Supervisor Rightmyer informed Mr. Paul that the Board is in receipt of his letter. He also thinks things need to be simplified regarding our codes. Big Guys Campground is understandably upset over the sign issue. . There is a meeting on August 26th to rescind the decision that was made by the Zoning Board of Appeals. We have to get it right.

Sandy Shaw, Director of the Community Free Library announced that she will be retiring from her position at the library. Her last day will be September 15th. She is hoping to bring the new director, Amanda Anderson to our next meeting to introduce her to the Board. The Board thanked Sandy for her service and for the many events she organizes on behalf of our library.

Supervisor Rightmyer informed all that the Town has a new Facebook page. He encouraged residents to join the page. The public cannot comment as the page is for information only. We can inform residents of office closings, water breaks that may occur, road closings, etc. The page is called *Town of Murray New York*.

Supervisor Rightmyer informed all that the Historical Society has gotten the handicap ramp installed.
