RESOLUTION NO. 2025-005

Motion by CHRIST

Seconded by BERG

RESOLVED, that the Town Board of the Town of Murray hereby approves the meeting minutes of the Town Board meetings of December 16, 2024, December 30, 2024 and January 6, 2025 as submitted.

After being put to a vote, the resolution was thereupon adopted.

Town Clerk

Receipts for December totaled \$472.00 with \$391.00 going into the general fund.

The Supervisor has been paid the full amount due to the Town from tax collection.

Highway and Water Department

January has been a busy month with plowing and salting. Today the guys had six trips out due to all of the drifting. Overtime for the month is high.

There is a shortage of salt. We've gone through 550-600 tons since Christmas. Salt deliveries have slowed with turn-around time being much longer currently. Dirk spoke to a different supplier near Syracuse who said the whole salt industry will be out by the end of February if this keeps up. We are trying to conserve it. All highway departments are dealing with this.

The department has had to deal with and fix some small mechanical things on the trucks; turbo sensors, electrical things, hydraulic lines. The guys have been very busy with repairs.

We continue to have problems collecting the water reads. Thursday and IT rep was here all day trying to rectify the issues. There are around 50 meters we couldn't read so it's going to have to be done manually. It's taking time to complete them all. About half have been completed. By the end of the week, we should be finished and the water bills can be sent out.

Dirk received notification that in about a week the process of installing antennas and the infrastructure for the new meter readers will begin. Then readers on the houses will be installed to replace the old ones.

We had to replace a culvert on Lake Road on Saturday. There was a sink hole and when inspected it was rotted and the whole thing had to be replaced.

Code Enforcement/Planning/Zoning

- Building Permits Issued: 2 (Shed, Generator)
